

Title	“What Am I?”
Purpose	To use senses to identify and describe commodities.
Competency	The learner will develop the ability to use science process skills. The learner will construct and understanding of self and his/her world.
Student Objectives	<ol style="list-style-type: none"> 1. touch NC commodities without seeing them 2. describe commodities touched
Materials Needed	lunch bag containing small amount of ginned cotton; lunch bag containing small amount of unprocessed wool
Teacher Preparation students.	Prepare one cotton bag and one wool bag for each pair of students.
Teaching Strategy	<ol style="list-style-type: none"> 1. In pairs, students take turns feeling each object, describing how it felt, and guessing what the items are. 2. Ask students, as a class, to identify the two items. Ask them to name descriptive words for each item. List. 3. Discuss the fact that both are used to make clothing and other items used by humans. Also discuss the fact that one is derived from plant fiber and the other from animal fiber.
